Using the schooltool Mobile App

Note: The following images were taken using an Android device. While screens may vary slightly on iPhone and iPod Touch devices, basic functionality is the same across both platforms.

Downloading the App

The schooltool mobile app is available in the following locations:

From the App Store (for Apple devices):

From the Play Store (for Android):

Logging In

After installing and opening the schooltool mobile app, first time users will be prompted to enter schooltool credentials.

The following fields are required:

- **URL:** This is the fully qualified URL provided by your district (for example, <https://mydistrict.com/schooltool>).
- **Username:** This is the username assigned to your account in schooltool. This may be an email address, rather than a username, depending on your district's configuration.
- **Password:** This is the password used to log into schooltool. Passwords are maintained by schooltool and cannot be changed from within the app.

If you wish to save your credentials and remain logged in, check the “Stay logged in” option. Any time you open the app, you will automatically be logged in using the credentials you entered. If you do not check this option, you will need to enter your credentials each time you open the app. You will continue to receive notifications, however, unless you have opted not to receive notifications or if your district is not using that feature.

Note: Account credentials are maintained in schooltool and cannot be changed from within the app. If your password changes or expires, you will be logged out and will need to re-enter credentials.

Menu

You can access the navigation menu at any time by swiping the screen horizontally from the edge of the screen, moving from left to right. This menu allows you to quickly navigate to any student screen.

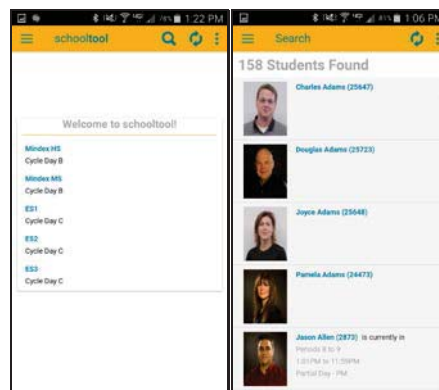

Home Screen

After logging in successfully, parents and students will be presented with a home screen that shows a list of students to whom they have access.

Staff will see a welcome screen that shows cycle days for their buildings, and can search for students using the Search  button at the top of the screen.

Each student has a set of expandable tabs below his or her picture. Click on the down arrow ▼ to see a summary of recent information, or click on the tab's title to navigate to that screen.

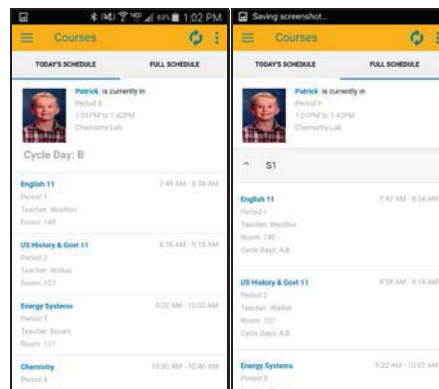

- **Courses:** Clicking on this tab will bring you to that student's Courses view, where you can view full schedules.
- **Contacts:** Clicking on this tab will bring you to that student's Call Order, where you can view details about his or her contacts.
- **Assignments:** Expanding this tab shows any assignments for the current day, including any assignment grades received or assignments that are due. Clicking on this tab will bring you to that student's Assignments view, where you can view all past and upcoming assignments by date or by course, as well as any available course averages.
- **Attendance:** Expanding this tab shows any absences the student has received for the current day. Clicking on this tab will bring you to that student's Attendance view, where you can view all daily and course attendance.

Courses View

The Courses view for a student includes 2 tabs (current and full schedule):

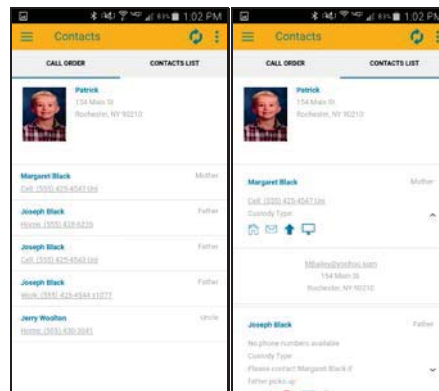

- **Today's Schedule** shows the student's courses for the current cycle day, ordered by start period/time.
- **Full Schedule** shows the student's schedule for all cycle days, grouped by semester. This tab shows the current semester's schedule by default; to view other semesters, expand the group by pressing the ▼ button.

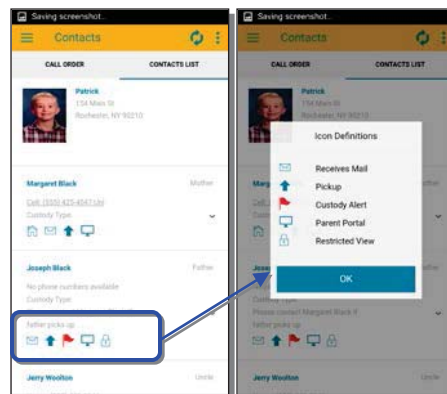

Contacts View

The Contacts view includes 2 tabs (call order and individual contact details):

- **Call Order** lists the student's call order as defined in schooltool.
- **Contacts** shows all contacts associated with that student. Each contact record can be expanded to view address information.

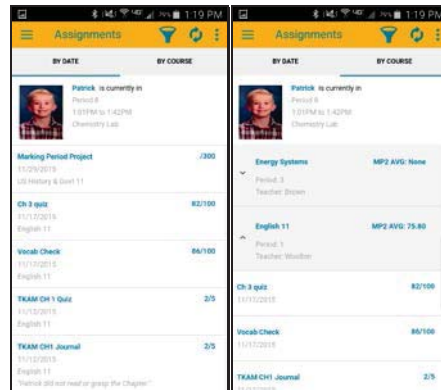

Click on the relationship flags to see available icon definitions for each contact.

Assignments View

The Assignments view for a student includes 2 tabs (by date and by course):

- The **By Date** tab shows assignments based on date, with the most recent at the top.
- The **By Course** tab shows assignments grouped by course, in alphabetically order by course, then sorted by date.

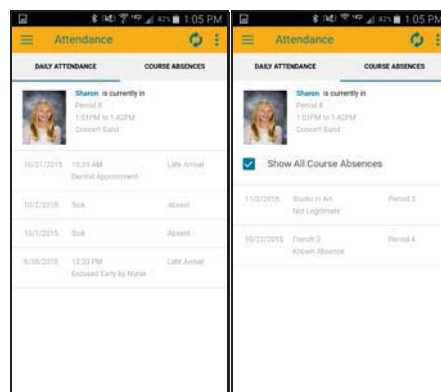

Use the Filter  button to change the marking period being shown.

Attendance View

The Attendance view for a student includes 2 tabs (daily and course attendance):

- The **Daily Attendance** tab shows all daily absences, late arrivals/in records, and early dismissals/out records, organized by date.
- The **Course Absences** tab shows all period attendance. By default this tab shows only course absences not attributed to a daily absence; use the checkbox to include all course absences.

Settings

Currently, no Northeastern Regional Information Center (NERIC) supported school districts may have notifications turned on, therefore users will not receive notifications regardless of whether or not these settings are enabled.
