CAIRO-DURHAM HIGH SCHOOL STUDENT HANDBOOK

Alma Mater

Here among the Catskill Mountains, Reaching towards the sky,
Proudly stands our Alma Mater, Cairo-Durham High.

Chorus

How we honor, love, respect it, our school so dear,
May we all be true and loyal, through the coming years.
Stand thou strong o school of service, always victor be,
And the ray of truth and love, shall linger long o'er thee.

Chorus

Cairo-Durham Central School District

It is the primary purpose of the Cairo-Durham School District to educate and encourage the lifelong learner in each of us. That education should include all members of the community and should extend beyond the three R's, subject matter, state requirements and even academic education. The education we pursue in Cairo-Durham should include our physical selves as well as our inner character. It is with this in mind that we define the character we seek to integrate into every aspect of our learning. We challenge all to try to reflect these traits in the way we act, teach, learn, and treat each other.

The Board of Education Policy Book, which has all the policies of the Cairo-Durham School District, is available for review at any of the school buildings in the Cairo-Durham District, as well as the District office

School Policies and Procedures

We welcome you as a member of the Cairo-Durham High School student body. Cairo-Durham High School and the Cairo-Durham Central School District take pride in their tradition of academic excellence.

Comprehensive student activities and athletic programs are also offered. **All students** are expected to demonstrate **civility, citizenship** and **responsibility** on a daily basis. The following is a guideline of the student regulations and consequences.

Motor Vehicle Use and Parking Guidelines

Seniors and Juniors are permitted to drive vehicles to school if they retain a valid student-parking permit. A driving permit must be applied for each year. Information must be accurate and updated. Student drivers must conduct themselves in a responsible manner and abide by the rules and regulations set forth on the application to register vehicles. **Failure to obey the rules stated in the parking application/guidelines will result in loss of driving privileges.** Students who lose their driving privilege but continue to drive to school will **risk having their vehicle towed at their own expense. Anything related to parking, student vehicles, or student behavior in the parking lot that is deemed disruptive or unsafe by administration, will result in revocation of parking privileges.** Also, any student who is failing **three or more classes will not be able to park on school grounds unless they participate in the eligibility study hall.** For additional expectations related to motor vehicle use and parking, please refer to the CDCSD parking guidelines application sheet signed by the student and parent.

Attendance Policy

All students who are absent from school are expected to bring in a note to explain their absence and are responsible for consulting with their teachers to find out what work they need to make up as a result of missing classes. **Parents and guardians should notify the main office by 10:00 am on the day of absence and send in a note on the next day (or same day for being late).** Consecutive absences of 5 days due to illness shall require a medical note upon return to school.

For full block classes:

- Semester class - in excess of **5 unexcused** class absences may result in denial in credit for that course
- Full year course – in excess of **10 unexcused** class absences may result in denial of credit for that course

For half-block classes:

- Semester class – in excess of **10 unexcused** class absences may result in denial in credit for that course
- Full year course - in excess of **20 unexcused** class absences may result in denial of credit for that course

In this policy a “class absence” shall be a student’s failure to be in class within 15 minutes (half-block) and 30 minutes (full-block) after the start of class; “an instance of class absence” shall be one class absence.

If a student is absent, documentation must come from the parent/guardian stating the legal reason for the student’s absence and the specified date(s) of absence is required to be excused. (See Board Policy 5100 in the Cairo-Durham Central School District Policy Book for further details.)

Late to School Policy

Students who report to their 1st block class after 7:35 without a legal excuse will be marked as tardy.

Unexcused tardiness will result in the following consequences: Tardy numbers will reset at the beginning of each quarter.

- 6 late to school- Warning
- 7 late to school- Detention and loss of parking privileges
- 8 late to school- Two Detentions
- Continued offenders beyond 8 days will result in 3 detentions

10+Absences

- 10 – Official Attendance Letter, Administrator Contact and suggested interventions
- 20 - Letter, Administrator Contact, Copy of letter to District Attorney and suggested interventions
- 21-29 – Administrator Contact, Review Case for Educational Neglect, Contact DA
- 30 – Letter and District Attorney Intervention

It is imperative that students attend school. While there are reasons for being absent, habitual absences will impede the educational process and possible failing of courses which could result in grade retention.

Late to Class Tardiness: Tardiness is detrimental to student learning. Six instances of tardiness equals one absence from a given class and is subject to discipline to be determined by the administration and/or teacher and parental contact with a conference if the tardiness persists. A student is considered tardy if he or she arrives after the bell but within the first fifteen minutes of class.

Failure To Report To An Assigned Class

When a student fails to report to an assigned class, the following action will be taken: Referral to Administration, parent notification by teacher and detention and/or ALE. Parent Conference and/or suspension may occur if multiple infractions.

Field Trips

Academic/Attendance/Discipline problems may prohibit a student from attending a scheduled field trip. A teacher may recommend to the administration that a student be prohibited from attending a field trip.

The School administration will make the final determination as to whether a student can or cannot attend a field trip. Students who are not allowed to participate in the field trip will still be expected to attend school on the day of the trip for instruction.

Cafeteria Guidelines

Student behavior in the dining room is based on courtesy and cleanliness. Students are to remain in the cafeteria until they have finished eating. At no time are students allowed to take food outside of the cafeteria. Students are never permitted to go into areas where classes are being conducted during their lunch hour. The lunchroom supervisor and/or building administrator will deal with students who violate cafeteria rules.

Off-Limit Areas

Students are not permitted in the following areas:

1. Teacher's lounges or workrooms unless in the company of a staff member.
2. Main office without written permission or pass from a teacher or staff member.
3. Hallways without a written pass during class periods
4. Vending machines in the teacher's lounge
5. All parking lots except when unloading from or loading onto a school bus or walking through on the designated sidewalks.
7. Designated middle school areas unless going to the nurse or to a class.

Passes

1. Students found in the hall or any place other than class after the beginning of a class period, must have an official written pass issued and signed by a teacher, with time specified, authorizing their presence outside of class.
2. Students must have an official pass written by the teacher, with time specified, to use the restrooms.
3. Failure to comply with these regulations will result in disciplinary action.

Late Bus

Students who have an after school activity may sign up for the late bus during their lunch period. Students must list the teacher/coach they are staying with. Students who are planning to work in the computer lab or study in the Media Center must have a pre-signed pass from the teacher who has given them an assignment before they may sign up for a late bus. Student must have a pass from the teacher and coach in order to get on the bus. Failure to comply with these rules will result in loss of after school privileges.

Physical Education

Students must come prepared to be active participants in the physical education program. Failure to comply with this directive will result in a loss of preparation grade and possible disciplinary actions. In order to graduate, every student must earn 2 credits in Physical Education. **Money and other valuables should be stored in the gym lockers. If a student does not participate in PE for the day they cannot participate in any extra-curricular activity for that day, which includes practices, games, meetings, or plays.**

Dress Code

The dress code for students at Cairo-Durham High School requires students to follow the criteria below. With the discretion of the administration with regard to the criteria below, if a student is not appropriately attired, the administration may contact the parents and have the student dress suitably before returning to school. A student's dress shall:

1. Be safe, appropriate and not disrupt or interfere with the educational process.
2. Not include items that are vulgar, obscene, and libelous or denigrate others on account of [actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender or sex.](#)
3. Not promote and/or endorse the use of alcohol, tobacco or illegal drugs and/or encourage other illegal or violent activities.

5. Ensure that underwear is completely covered with outer clothing. Pants should be pulled up to the student's waist.
6. Include footwear at all times. Footwear that is a safety hazard (i.e.-slippers) will not be allowed.
7. Not include the wearing of sunglasses. Hats and head coverings are permitted during the school day with classroom teacher/staff discretion.

Disruptive Devices

Students will not be permitted to have disruptive devices or items that are deemed unsafe (discretion of the administration) that may interfere with the educational process. Students are not to bring items to sell or trade. These items will be confiscated and will only be returned to a parent. If these items are brought to school, and are lost or stolen, they do not become the responsibility of the school district. Head phones are permitted in school for lunch periods and teacher/staff discretion only.

Cellular Phone Policy

Policy: While Cairo-Durham High School recognizes cell phones as being everywhere and necessary in today's world, we also recognize that cell phones equipped with cameras, and other features such as text messaging, pose risks to academic integrity and overall safety. Cell phones can be used during school with classroom teacher discretion.

Students who refuse to turn over cell phones or other devices to school personnel when instructed will be deemed insubordinate and may be subject to immediate suspension.

1st Offense: If caught using a cell phone in an area that is not appropriate, staff will immediately confiscate phone, and bring it to the main-office; cell phone will be returned to student at the end of the day.

2nd Offense: Only a parent may retrieve the phone. Additionally, a detention will be assigned.

3rd offense: A 3rd violation of the school's cell phone policy will result in the same confiscation and parent retrieval process as a 2nd offense. However, a 3rd violation will also result in 3 days of detention and the complete loss of cell phone privilege for the rest of the school year. Also, upon this 3rd offense the below process and meeting **must** take place:

A meeting/phone conversation between student, parent, and administrator will take place where all parties will sign a student behavior contract that states further violation of the school's cell phone policy will result in escalating disciplinary procedures. Any violation of the cell phone policy after the 3rd offense will result in ALE. Continued violations of the cell phone policy will result in immediate OSS for a period of time to be determined by the building principal.

NOTE: *The cell phone policy is subject to change/alteration at administrator discretion*

Computer Policy

The Cairo-Durham Central School District encourages the use of the computer systems for student educational purposes. Students must submit written permission from a parent to access the system (Board of Education Policy # 4526-R, 4526-E1, 4526-E2). Students who violate the acceptable use policy may be subject to disciplinary action and loss of computer privileges. In addition, with the new laptop initiative, students are responsible for the details in the signed agreement that was completed.

Media Center Services

The Media Center for the Middle School/High School is equipped with the latest technology. Students have access to a variety of on-line databases and other reference tools in print and non-print. The Media Center is open between the hours of 7:30 and 3:30 each school day. Students may only go to the Media Center with a pre-signed pass from study hall or lunch.

Counseling

Guidance services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study help, and assistance concerning family and social issues.

Lockers

For your convenience, you have been assigned a corridor and a gymnasium locker. You are responsible for the contents of your locker. Sharing of lockers is not permitted. Do not give out your locker combination. **Lockers remain the property of the school and will be subject to inspection without prior notice.**

Leaving School

If it is necessary for a student to leave school, both verbal and written permission from the parent is required prior to leaving school property. A note must be submitted to the office upon arrival at school before 1st period. Before a student leaves the school, he/she must sign out in the main office. The designated student sign out form should be completed prior to leaving with a student and the responsible adult must be listed on the emergency contact form. Those students who sign out and/or leave the building without authorization, arrive on school grounds and depart without permission, will be considered illegally absent and subject to disciplinary action.

Textbooks

Textbooks are the property of the Board of Education and are loaned to each student. Students will be held responsible for each textbook issued to them.

1. All textbooks must be covered by the students.
2. Damage to books beyond reasonable wear will be paid for by the student.
3. All textbooks must be returned at the end of the school year.

Emergency Drills

State law requires that every school conduct a minimum of eight fire drills and four lockdown drills during the school year. It is every pupil's responsibility to take these drills seriously. Students who violate our emergency drill procedures will be subject to disciplinary consequences at the discretion of the administration.

Distribution of Literature

Students may distribute literature on school grounds and on school buildings only with prior approval of the administration. The administration may prohibit the distribution of such material if it does not comply with the rules for responsible journalism. (See section on newspapers.) Distribution of literature must adhere to the Board of Education Policy.

Ceremonies

Students may decline to recite the Pledge of Allegiance and may refrain from saluting the flag. Those who choose to refrain from such participation must respect the rights and interests of classmates who do wish to participate in a meaningful ceremony. A student who chooses not to participate is expected to stand while the Pledge of Allegiance is recited.

Plagiarism and Cheating

Plagiarism is defined as submitting words, ideas, images or data of another person's work as one's own in any academic writing or project. Cheating is defined as possession of unauthorized material or another student's work, submission of another student's material for credit, false claims or fabricated references, copying someone else's work or sharing work with another student.

1st Offense: Discussion with the student, call home and a teacher will submit the incident to the student management system. The student will be required to resubmit the assignment outside of class time. The due date and grading of the assignment will be determined by teacher discretion. For AP/Honors courses all incidents will be reviewed by the Academic Integrity Committee and may be subject to removal from the course based on the committee's findings.

2nd Offense: The teacher will follow the 1st offense procedures. In addition, the teacher will also refer the student to an administrator for discipline. The student may be required to complete a teacher generated alternate assignment. For AP/Honors courses all incidents will be reviewed by the Academic Integrity Committee and may be subject to removal from the course based on the committee's findings.

3rd Offense: The teacher will follow the 1st and 2nd offense procedures. Further and more progressive discipline will be assessed by the administrator.

Extra - Curricular Activities and Clubs

The school will register any group organized for a purpose not prohibited by law if the group submits a list of members, its constitution and by-laws and the constitution and by-laws of any off campus organization with which it is affiliated. Student organizations may not restrict membership on the basis of race, sex, national origin or a criterion deemed unacceptable by the administration. Student groups have the responsibility to make clear to the public that their programs do not necessarily reflect the views of the institution as a whole. Use of the school name when participating in a public demonstration is not permissible unless the Principal has granted permission.

Eligibility for Extracurricular Activities

The Cairo-Durham Central School District Board of Education views Participation in extracurricular activities as a privilege rather than a right. Students who would represent the District in extracurricular activities shall therefore be required to maintain an acceptable level of academic achievement, and to exhibit conduct that is acceptable. The Board therefore establishes the following criteria and procedures related to student participation in extracurricular activities in grades 7-12.

Activities Considered to be Extracurricular: The following are considered to be extracurricular activities for purposes of this policy.

- Interscholastic sports/b. Festivals/c. Student committee meeting/d. Student Council membership, including status as an officer thereof/e. Membership in any club that is sponsored by the District/f. Class office (e.g., class president)/g. Musical or theatrical production of the school/
- Provided, however, if any of the aforementioned activities is part of a given student's curriculum, then that student shall be deemed eligible to participate simply by the that fact.

Student Eligibility: Every student in grades 9-12 shall be deemed as eligible under this policy to participate in any extracurricular activity except in the circumstances described below:

- a. The following are policy definitions:
 1. On Watch – defined as a student who is failing 2 or more courses who is eligible to participate in the extracurricular activity
 2. Probation – defined as a student who is failing 2 or more courses and must attend an after school study session at least 2 times per week
 3. Restriction – defined as a student who is failing 3 or more courses or does not meet the Probation requirements. The students are now deemed ineligible to participate in the extracurricular activity (cannot practice or play).
 4. Ineligible – defined as a student who cannot practice, play or participate in the extracurricular activity but still must attend the after school study session at least two times per week.
- b. Two weeks prior to the interim or marking period a list will be constructed by the main office and administration of all students failing 2 or more subjects. This list will be called the "On Watch" list. A student will receive a letter stating they are on watch and have two weeks to pass their courses or they will be put on "Probation" at the interim or marking period (failing 2 or more courses).
- c. At the interim and marking period a "Probation" list will be created by the main office and administration with students failing 2 or more courses. A letter will be submitted to the student who is participating in an extracurricular activity stating that they must attend the after school study session at least 2 times per week until they are no longer failing 2 or more courses. At the interim a student may be removed as soon as they can show the passing courses and at the quarter they must stay in the after school study session for at least 2 weeks before they can be removed.
- d. If a student is failing 3 or more courses at the interim or quarter they are on "Restriction" and are deemed ineligible until they can show they are not failing 2 or more courses. At the interim a student may be removed as soon as they can show the passing courses and at the quarter they must stay in the after school study session for at least 2 weeks before they can be removed.
- e. A student may also be put on "Restriction" if he/she fails to attend 2 or more after school study sessions in a week. They will be deemed ineligible until they make up the sessions the following week.

- f. During “Probation” a student must be making progress to stay eligible. If they are still failing 2 or more subjects to maintain eligibility they must have at least a 4 point increase in a grade 0-50, 2 point increase in a grade 50-60 and 1 point increase in a grade 60-64. If they do not show progress they will be put on “Restriction” and deemed ineligible until they can show the appropriate progress. If a student is already on “Restriction” they must also show the adequate progress in order to be removed.
- g. For the beginning of the school year the 4th quarter marking period for the previous school year will be used. A student can replace a 4th quarter failing course with a passing summer school course. The school will create an “On Watch” report 2 weeks from the start of school. The interim will be the first marking period for the new school year for the “Probation” list.
- h. All students who are no longer failing 2 or more courses shall be responsible for securing an eligibility form and completing the eligibility form prior to rejoining the extra-curricular activity. A student cannot be removed from “Probation” without the form complete. At the interim a student may be removed as soon as they can show the passing courses and at the quarter they must stay in the after school study session for at least 2 weeks.
- i. If a student is on probation or restriction for a 2nd time during the school year, they will be put on restriction for a period of 3 weeks. At the end of the 3 weeks the student must be no longer failing 2 or more courses.

Appeal Process: Appeals of a determination of student ineligibility for participation in extracurricular activities, as described above, will be entertained solely at the discretion of the Superintendent of Schools or her/his designee. The manner of making a determination of whether or not to allow an appeal shall be solely at the discretion of the Superintendent. In the event that an appeal is to be heard, the building principal shall convene a committee to hear the student’s concern and render a decision. If an activity being denied is an athletic team then the Director of Athletics shall serve as a member of the committee. One activity advisor shall be designated administratively each year to serve on the committee for all activities that are not athletic activities. The faculty members(s) whose evaluation of the student’s work has led to the student’s loss of eligibility shall also serve on the committee.

STUDENT CONDUCT AND DISCIPLINE

Discipline at Cairo-Durham is enforced fairly and firmly to provide for the orderly operation of the school. We feel that parents should be kept up to date on their child’s status in school. Therefore, it will be our policy to attempt to notify parents each time their child is sent to the office with a discipline referral. As with any student records, we are not allowed to talk about consequences or results of other students involved. In addition, consequences for infractions may be different from one student to another due to the progressive nature of the system. In some cases a specific student may have multiple infractions and receive a certain discipline outcome whereas another student it may only be the first infraction thus resulting in a different outcome as well.

How Discipline is Handled:

The Principal and/or his designee will be responsible for the enforcement of the School Disciplinary Code of Conduct. Students engaged in misconduct may have disciplinary action taken against them. This action may come in the form of one or more of the following consequences: a reprimand, detention, loss of privileges, a letter in their file, suspension, a Superintendent’s hearing, or civil action. In all cases, students will be afforded the right of due process.

1. Students guilty of misconduct are subject to disciplinary action and will be dealt with by a teacher in the manner that the teacher feels will be most effective, with the approval of the administration. Extreme misconduct or major offenses are subject to immediate suspension and referral to the Superintendent for Administrative Review.
2. Discipline cases are referred to the main office through the use of a discipline referral form that is completed by the faculty/staff.
3. Students are called to the office to review the discipline problem with one of the administrators assigned to discipline, and to receive a proper consequence for the infraction.
4. A discipline code as well as the school-wide student rules will be provided to each student by each of his/her teachers.

DISCIPLINARY ACTIONS/CONSEQUENCES

As outlined in the Student Code of Conduct, the following is a list of offenses and the disciplinary actions that will be administered at Cairo-Durham High School. The list of offenses and actions is not intended as an all-inclusive list. For any infraction to the Student Code of Conduct appropriate disciplinary actions can be taken which may deviate from the provided list at the discretion of the administration.

Insubordination

Insubordination will be deemed to occur when a student refuses to comply with a reasonable directive and warning from a staff member or teacher. Disciplinary responses will depend on the seriousness of the offense and may include parent notification, detention, ALE and/or out-of-school suspension. Repeated incidents of insubordination will result in suspension from school and/or a Superintendent’s hearing.

CONSEQUENCES FOR INFRACTIONS

Students who are found to have violated the district’s code of conduct may be subject to the following penalties, either alone or in combination. The school personnel identified after each penalty are authorized to impose the penalty, consistent with the student’s right to due process. 6. **Alternative Learning Environment (ALE)** - An administrator may assign a student one or more days of ALE. Students will remain in ALE for the entire school day. A student’s teachers will send assignments to the ALE room.
7. **Out of School Suspension (OSS)** - When a situation is considered severe enough or when other methods have failed to solve the problem, a student may be suspended for varying lengths of time depending upon the nature of, and the degree of the infraction and the prior discipline record of the student.
8. **Removal from Class** - A student may be removed from class by the decision of the administrator handling the problem if the presence of that student in that particular class constitutes a chronic disruptive element that adversely affects the educational process of the other students in that class. Parents will be notified of this action or any other disciplinary action relating to that particular situation.
9. **Referral to the Superintendent of Schools** -Administrative Review by Cairo-Durham High School.
